

BasicAcro and EMT (and No, that Doesn't Mean Emergency Medical Tech!)

This just might be an invitation addressed to you! Everyone will benefit from this evening; but the focus will be aimed toward the experienced pilot who now wants to know a little more about sensing a potential accident, and how best to fly their plane if something does go wrong. We'll cover learning how to go about spreading your wings a bit, in order to best enjoy some Emergency Maneuver Training, and /or some ACRO training.

Directions: -Brackett Airport Administration Building 10/San Bernardino Fwy, take Fairplex dr. North, turn left Fairplex dr/ W McKinley ave go to next stop sign. Proceed on W McKinley ave to Admin Building at end of road. Fly-In's are welcome

A message from the National FAASTeam Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.

Sign up for the FAA's safety services at www.FAASafety.gov!
